

# Comprehensive Needs Assessment 2019 - 2020 School Report

Hall County
Lula Elementary School

#### 1. PLANNING AND PREPARATION

## 1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member's name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the <u>Planning and Preparation webinar</u> for additional information and guidance.

#### Leadership Team

	Position/Role	Name
Team Member # 1	Principal	Lynette Scheman
Team Member # 2	Assistant Principal	Adam Clark
Team Member # 3	Fifth Grade Teacher	Maria McIntyre
Team Member # 4	KIndergarten Teacher	LInda Reeves
Team Member # 5	Fourth Grade Teacher	Mary Stevens
Team Member # 6	SPED Teacher	Teri Patrick
Team Member # 7	Third Grade Teacher	Christy Mann

#### Additional Leadership Team

	Position/Role	Name
Team Member # 1	Art Specialist	Courtney Brooks
Team Member # 2	Second Grade Teacher	Sheri Skelton
Team Member # 3	First Grade Teacher	Leni Marett
Team Member # 4		
Team Member # 5	Instructional Coach	Tiffany Ausborn
Team Member # 6		
Team Member # 7		
Team Member # 8		
Team Member # 9		
Team Member # 10		

#### 1. PLANNING AND PREPARATION

## 1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the <a href="Planning and Preparation">Planning and Preparation</a> webinar for additional information and guidance.

#### Stakeholders

	Position/Role	Name
Stakeholder # 1	Parent	Jessie Buffington
Stakeholder # 2	Parent	Whitney Chapman
Stakeholder # 3	Parent/ Teacher	Sheri Skelton
Stakeholder # 4	Parent	Janice Carlan
Stakeholder # 5	Parent	Katie Irvin
Stakeholder # 6	Parent/ Business Partner	Phillip Gillespie
Stakeholder # 7	Business Partner	Clipper
Stakeholder # 8	Business Partner	Amanda's Farm to Fork

How will the team ensure that stakeholders
are able to provide meaningful feedback
throughout the needs assessment process?

Stakeholders will be invited to all input meetings throughout the school year. Stakeholders will also be surveyed to provide meaningful feedback.

#### 2. DATA COLLECTION ANALYSIS

## 2.1 Coherent Instructional System

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the Coherent Instructional System webinar for additional information and guidance.

<b>Curriculum Standard 1</b> -Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
1. Exemplary	A systematic, collaborative process is used proactively for curriculum planning.	
	Nearly all teachers or groups of teachers, support staff, and leaders within the school	
	have common expectations for standards, curriculum, assessment, and instruction.	
2. Operational	A systematic, collaborative process is used regularly for curriculum planning.	✓
	Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
3. Emerging	A collaborative process is used occasionally for curriculum planning.	
	Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	
4. Not Evident	A collaborative process is rarely, if ever, used for curriculum planning.	
	Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.	

<b>Curriculum Standard 2</b> -Designs curriculum documents and aligns resources with the intended rigor of the require standards		
1. Exemplary	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process.  These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.	
2. Operational	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards.  These curriculum documents and resources guide the work of teachers and instructional support staff.	<b>√</b>
3. Emerging	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards	
4. Not Evident	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

Instruction Standard 1 -Provides a supportive and well -managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.	
	Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	✓
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 -Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	<b>√</b>
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

<b>Instruction Standard 3</b> -Establishes and communicates clear learning targets and success criteria aligned to curri standards		iculum
1. Exemplary	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	
	Learning targets are evident throughout the lesson and in student work.  Articulation of the learning targets is consistent and pervasive among like content	
	areas and grade levels	
2. Operational	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	✓
	Learning targets are evident throughout the lesson and in student work.	
3. Emerging	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	
4. Not Evident	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

Instruction Standard 4 -Uses research based instructional practices that positively impact student learning		
1. Exemplary	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
2. Operational	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	✓
3. Emerging	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	_

<b>Instruction Standard 5</b>	Instruction Standard 5 -Differentiates instruction to meet specific learning needs of students		
1. Exemplary	Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.  Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).  Remediation, enrichment, and acceleration are pervasive practices.		
2. Operational	Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.  Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).	<b>√</b>	
3. Emerging	Some teachers differentiate instruction to meet the specific learning needs of students.		
4. Not Evident	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.		

Instruction Standard 6 - Uses appropriate, current technology to enhance learning		
1. Exemplary	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
2. Operational	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	<b>√</b>
3. Emerging	Some staff members, students, or both use appropriate, current technology to enhance learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

<b>Instruction Standard</b> 7 -Provides feedback to students on their performance on the standards or learning targets		
1. Exemplary	Nearly all teachers use the language of the standards or learning targets to provide	
	students with specific, timely, descriptive feedback on their performance.	
	Nearly all teachers systematically elicit diagnostic information from individual students regarding their understanding of the standards or learning targets.	
2. Operational	Most teachers use the language of the standards or learning targets to provide students	
•	with specific, timely, descriptive feedback on their performance.	
3. Emerging	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	✓
4 37 4 77 1 1 4	1 1	
4. Not Evident	Few, if any, teachers use the language of the standards or learning targets to provide	
	students with feedback on their performance, or the feedback that is provided is not	
	specific, timely, or understandable.	

Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own pro-		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	✓
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

<b>Instruction Standard 9</b> -Provides timely, systematic, data -driven interventions		
1. Exemplary	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs.  Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
2. Operational	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	<b>√</b>
3. Emerging	Some students are provided extra assistance or needed support in a timely manner.	
4. Not Evident	Few, if any, students are provided extra assistance or effective support in a timely manner.	

Assessment Standard 1 -Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards.	
	Assessments are reviewed during the school year to ensure alignment.	
2. Operational	Most assessments are aligned with the required curriculum standards.	✓
3. Emerging	Some assessments are aligned with the required curriculum standards.	
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

<b>Assessment Standard 3</b> -Uses common assessments aligned with the required standards to monitor student progress, information, and improve teacher practices		
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes.	
	The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	<b>~</b>
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

Assessment Standard 4 -Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	Teachers extensively use a systematic, collaborative process to analyze assessment results.  Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both.	
2. Operational	Teachers regularly use a collaborative process to analyze assessment results.  Instruction is routinely adjusted based on the analysis of assessment results.	
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results.  Instruction is sometimes adjusted based on the analysis of assessment results.	<b>√</b>
4. Not Evident	A collaborative process to analyze assessment results does not exist.  Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

#### 2. DATA COLLECTION ANALYSIS

## 2.2 Effective Leadership

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the Effective Leadership webinar for additional information and guidance.

<b>Leadership Standard 1</b> -Builds and sustains relationships to foster the success of students and staff		
1. Exemplary	Administrators consistently build and sustain relationships to foster the success of students and staff.  The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	
2. Operational	Administrators regularly build and sustain relationships to foster the success of students and staff.	✓
3. Emerging	Administrators sometimes build relationships to foster the success of students and staff.	
4. Not Evident	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 -Initiates and manages change to improve staff performance and student learning		
1. Exemplary	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning.  Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	
2. Operational	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning.  The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	<b>√</b>
3. Emerging	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	
4. Not Evident	Administrators initiate few, if any, changes that impact staff performance and student learning.	

<b>Leadership Standard 3</b> -Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
1. Exemplary	The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.  The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.	<b>√</b>
2. Operational	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
3. Emerging	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
4. Not Evident	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

<b>Leadership Standard 4</b> -Uses processes to systematically analyze data to improve student achievement		
1. Exemplary	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
2. Operational	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	✓
3. Emerging	Some processes are in place and used occasionally to analyze data to improve student achievement.	
4. Not Evident	Few, if any, processes are in place to analyze data to improve student achievement.	

<b>Leadership Standard 5</b> -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
	Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Leadership Standard 6 -Establishes and supports a data-driven school leadership team that is focused on student le		
1. Exemplary	A highly effective, proactive, and data-driven school leadership team is focused on student learning.  The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan.	
2. Operational	A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning.  The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.	<b>√</b>
3. Emerging	The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.	
4. Not Evident	A school leadership team does not exist or does not have adequate stakeholder representation.	

Leadership Standard 7	-Monitors and evaluates the performance of teachers and other staff using multiple data s	sources
1. Exemplary	Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.  A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance.  Administrators use the evaluation process to identify role models, teacher leaders, or both.	✓
2. Operational	Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations.  Teachers and staff receive accurate, timely, descriptive feedback related to their performance.	
3. Emerging	Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations.  Teachers and staff receive some descriptive feedback related to their performance.	
4. Not Evident	Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations.  Teachers and staff receive little or no descriptive feedback related to their performance.	

Leadership Standard 8 -Provides ongoing support to teachers and other staff		
1. Exemplary	A comprehensive support system that is timely and targeted to individual needs is	✓
	provided to teachers and other staff.	
2. Operational	Most support provided to teachers and other staff is targeted to individual needs.	
3. Emerging	Some support provided to teachers and staff is targeted to individual needs.	
4. Not Evident	Support to teachers and staff does not exist or is not targeted to individual needs.	

	<b>Planning and Organization Standard 1</b> -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.  The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.  The daily work and practices of staff consistently demonstrate a sustained	✓	
	commitment to continuous improvement.		
2. Operational	A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.  The vision and mission define the culture of the school and guide the continuous improvement process.		
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.		
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.		

<b>Planning and Organization Standard 2</b> -Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance		
1. Exemplary	A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.  The plan includes appropriate goals and strategies with a strong focus on increasing	
	student performance.  This process and plan consistently guide the work of the school staff.	
2. Operational	A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders.  The plan includes appropriate goals and strategies with a focus on increasing student performance.	<b>√</b>
3. Emerging	A school improvement plan has been developed with input from some stakeholders.  The school improvement plan is based on incomplete data analysis with limited focus on student performance.	
4. Not Evident	An up-to-date, data-driven school improvement plan focused on student performance is not in place.	

<b>Planning and Organization Standard 3</b> -Monitors implementation of the school improvement plan and makes as needed		adjustments
1. Exemplary	The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance.  Ongoing adjustments are made based on various performance, process, and perception data.	
2. Operational	he goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance.  Adjustments are made to the plan, as needed, based on the analysis of data.	<b>√</b>
3. Emerging	The goals and strategies of the school improvement plan are occasionally monitored by administrators.	
4. Not Evident	The goals and strategies of the school improvement plan are rarely, if ever, monitored.	

Planning and Organization Standard 4 -Monitors the use of available resources to support continuous improvement		
1. Exemplary	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored.	
	School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.	
2. Operational	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	✓
3. Emerging	The use of available resources to support continuous improvement is inconsistently monitored.	
4. Not Evident	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

<b>Planning and Organization Standard 5</b> -Develops, communicates, and implements rules, policies, schedules, and to maximize student learning and staff effectiveness		d procedures
1. Exemplary	Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness.  These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.	
2. Operational	Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness.  These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.	<b>√</b>
3. Emerging	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
4. Not Evident	Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented.  In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.	

#### 2. DATA COLLECTION ANALYSIS

## 2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <u>Professional Capacity webinar</u> for additional information and guidance.

## **Professional Capacity Data**

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	<b>√</b>
	Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Professional Learning Standard 1 - Aligns professional learning with needs identified through analysis of a variety		
1. Exemplary	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).  Ongoing support is provided through differentiated professional learning.	
2. Operational	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	<b>√</b>
3. Emerging	Professional learning needs are identified using limited sources of data.	
4. Not Evident	Professional learning needs are identified using little or no data.	

## **Professional Capacity Data**

<b>Professional Learning Standard 2</b> -Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		
1. Exemplary	Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).  Teachers conduct action research and assume ownership of professional learning processes.	<b>√</b>
2. Operational	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	
3. Emerging	Administrators and staff sometimes collaborate to improve individual and collective performance.	
4. Not Evident	Administrators and staff rarely collaborate to improve individual and collective performance.	

Professional Learning Standard 3 -Defines expectations for implementing professional learning		
1. Exemplary	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of implementation and how monitoring will occur as implementation progresses.	<b>√</b>
2. Operational	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	
3. Emerging	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
4. Not Evident	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

## **Professional Capacity Data**

<b>Professional Learning Standard 4</b> -Uses multiple professional learning designs to support the various learning no staff		eeds of the
1. Exemplary	Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks).  Professional learning includes extensive follow-up with descriptive feedback and coaching.	
2. Operational	Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs.  Professional learning includes follow-up with feedback and coaching.	<b>√</b>
3. Emerging	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	
4. Not Evident	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

<b>Professional Learning Standard 5</b> -Allocates resources and establishes systems to support and sustain effective prlearning		rofessional
1. Exemplary	Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning.  Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning.	<b>~</b>
2. Operational	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	
3. Emerging	Some resources and systems are allocated to support and sustain professional learning.	
4. Not Evident	Few, if any, resources and systems are provided to support and sustain professional learning.	

#### 2. DATA COLLECTION ANALYSIS

## 2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <a href="Family and Community Engagement webinar">Family Community Engagement webinar</a> for additional information and guidance. Visit Georgia's Family Connection Partnership's <a href="KIDS COUNT">KIDS COUNT</a> for additional data.

Family and Community Engagement Data

<b>Family and Community Engagement Standard 1</b> -Creates an environment that welcomes, encourages, and connects fa and community members to the school		nects family
1. Exemplary	The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school.  Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers.	✓
2. Operational	The school has created an environment that welcomes, encourages, and connects family and community members to the school.	
3. Emerging	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.	
4. Not Evident	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.	

<b>Family and Community Engagement Standard 2</b> -Establishes structures that promote clear and open communicat between the school and stakeholders		cation
1. Exemplary	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.  Structures are continuously monitored for reliable and interactive communication.	<b>√</b>
2. Operational	Most structures that promote clear and open communication between the school and	
2. operational	stakeholders have been effectively established and implemented.	
3. Emerging	Some structures that promote clear and open communication between the school and stakeholders exist.	
4. Not Evident	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

## Family and Community Engagement Data

<b>Family and Community Engagement Standard 3</b> -Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
1. Exemplary	A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being.  Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making.	
2. Operational	Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.	<b>√</b>
3. Emerging	Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.	
4. Not Evident	Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.	

Family and Commu status to families	nity Engagement Standard 4 -Communicates academic expectations and current student ac	hievement
1. Exemplary	The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).	✓
	Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).	
2. Operational	The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.  Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).	
3. Emerging	The school staff communicates some academic expectations at the start of the year.  Some communication related to the current achievement level of individual students is provided.	
4. Not Evident	The school staff does little to inform families of academic expectations.  Little, if any, communication related to the current achievement level of individual students is provided.	

## Family and Community Engagement Data

<b>Family and Community Engagement Standard 5</b> -Develops the capacity of families to use support strategies at h will enhance academic achievement		nome that
1. Exemplary	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
2. Operational	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	<b>√</b>
3. Emerging	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
4. Not Evident	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

<b>Family and Community Engagement Standard 6</b> -Connects families with agencies and resources in the community the needs of students		nity to meet
1. Exemplary	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	✓
2. Operational	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
3. Emerging	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
4. Not Evident	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

#### 2. DATA COLLECTION ANALYSIS

## 2.5 Supportive Learning Environment

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by "TFS" (too few students). See the Supportive Learning Environment webinar for additional information and guidance.

Instruction Standard 1 - Provides a supportive and well-managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.	
	Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	✓
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	
3. Emerging	Some teachers create an academically challenging learning environment.	✓
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own prog		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor	
	their own progress.	
	Nearly all students develop a sense of personal responsibility and accountability by	
	engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their	
	own progress.	
3. Emerging	Some students use tools to actively monitor their own progress.	✓
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

<b>School Culture Standard 1</b> -Develops, communicates, and implements rules, practices, and procedures to maintain a orderly learning environment		ain a safe,
1. Exemplary	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school.  These rules, practices, and procedures are continually monitored and revised as needed.	
2. Operational	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	✓
3. Emerging	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
4. Not Evident	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	

School Culture Stands community	<b>School Culture Standard 2</b> -Establishes a culture of trust and respect that promotes positive interactions and a sense of community	
1. Exemplary	Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.  A pervasive commitment to promoting positive interactions and a sense of community is evident.	
2. Operational	Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.  A sustained commitment to promoting positive interactions and a sense of community is evident.	<b>√</b>
3. Emerging	Some evidence exists that a culture of trust and respect has been established.  A limited commitment to promoting positive interactions and a sense of community is evident.	
4. Not Evident	Little or no evidence exists that a culture of trust and respect has been established.  Unresolved conflicts interfere with a sense of community.	

School Culture Standard 3 -Establishes a culture that supports the college and career readiness of students		
1. Exemplary	Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.  The school culture supports addressing individual achievement needs and strengths to	
	prepare students for success.	
2. Operational	Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.	<b>√</b>
3. Emerging	Some evidence exists that the school supports the college and career readiness of students.	
4. Not Evident	Little or no evidence exists that the school supports the college and career readiness of students.	_

School Culture Stan	dard 4 -Supports the personal growth and development of students	
1. Exemplary	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	√
2. Operational	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	
3. Emerging	The school staff sporadically supports the personal growth and development of students.	
4. Not Evident	The school staff does little to support the personal growth and development of students.	
School Culture Standard 5 -Recognizes and celebrates achievements and accomplishments of students and staff		
School Culture Stan	dard 5 -Recognizes and celebrates achievements and accomplishments of students and staff	
School Culture Stan  1. Exemplary	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.  The celebrations are publicized within the school and to the community and support	<b>√</b>
1. Exemplary	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.  The celebrations are publicized within the school and to the community and support the culture of the school.	
	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.  The celebrations are publicized within the school and to the community and support	
1. Exemplary	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.  The celebrations are publicized within the school and to the community and support the culture of the school.  The school community regularly recognizes and celebrates the achievements and	

## 2. DATA COLLECTION ANALYSIS

## 2.6 Data Analysis Questions

Analyze the LEA's data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by "TFS" (too few students).

What perception data did you use?	We used the CNA data and results from last year, as well as input from the
• •	Leadership Team which includes members from all areas of the building.
What does the perception data tell you?	We are satisfied with shared decision making, and common vision and
• •	mission, and professional learning opportunities. The lowest levels of
	satisfaction were found to be in academically challenging environment for
	children and students actively monitoring their own progress.
	Our strengths tend to be school culture and professional learning, while our
	challenges are differentiation and empowering our families. One of the trends
	we noticed is that we are growing in parent involvement.
What process data did you use?	Process data used was school leadership team, information from meetings and
·	teams in our school, assessment results.
Vhat does your process data tell you?	Strengths noted were growth in teachers collaboratively meeting in PLCs and
• •	evaluating student work and implementing strategies based on student
	performance. Trends include improvement in student celebration and parent
	involvement.
Vhat achievement data did you use?	We used county developed assessments, EOG data, DRA, math fact fluency,
	milestones scores.
	•
What does your achievement data tell you?	Students are growing in math fluency. Areas of growth will be literacy.
,	0 0 0 222
What demographic data did you use?	Demographic data used is enrollment, economically disadvantaged, school
What demographic data did you use?	Demographic data used is enrollment, economically disadvantaged, school climate rating, and grade level data.

lents are products of nontraditional far	

#### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

## 3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the <a href="Identifying Need webinar">Identifying Need webinar</a> for additional information and guidance.

#### Strengths and Challenges Based on Trends and Patterns

Coherent Instructional:Summarize the coherent instructional system trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

We have effective instructional procedures in place such as daily common planning, monthly PLCs, weekly planning meetings with instructional coach, etc. Additionally, we have two-three days per week for teachers to plan instructional tasks for their students that are uninterrupted by meetings. We ensure learner needs are met by providing a variety of supportive instruction including RTI small group interventions, EIP, ESOL, PUP and DOG Academies, SPED, and gifted instruction. We use standards and research-based best practices to plan instruction for all students.

Effective Leadership:Summarize the effective leadership trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

Effective leadership practices are evident throughout our building. Teachers are observed and evaluated through the TKES process, and TKES goals are aligned with our SIP and Hall County Balanced Scorecard. The administrative team allows for shared decision making and input from all stakeholders. Staff members are given frequent opportunities to build their leadership capacities in the following ways: lead teams, present instructional methods to staff, lead PLC, model classrooms. Hall County provides leadership with training and PL such as Growing Teacher Leaders and Growing Administrative Leadership Academy and programs through Pioneer RESA.

Professional Capacity:Summarize the professional capacity trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

Our leadership team effectively builds leadership capacity through shared decision-making and problem solving as discussed above. Our professional learning is aligned with SIP goals, Hall County Balanced Scorecard, and needs based on assessment data. Collaboration among leaders and staff in the building is evident in professional learning, PLCs and daily interactions. Professional learning is frequent. There is a need to monitor the implementation of PL into the classrooms.

#### Strengths and Challenges Based on Trends and Patterns

#### **Family and Community**

Engagement:Summarize the family and community engagement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

We have noted an increase in family, parent, community engagement and involvement in the school events such as Enrichment Cluster Showcases, Student Led Conferences, Kindergarten Orientation, Family Math Night/Trunk-Or-Treat, and Title I Curriculum Night. There are many different modes of communication that exists between school and family such as frequent emails from school/home, Infinite Campus Messenger, school newsletters, social media, Parent and Family Engagement Policy, and Parent Compact. Academic progress is communicated through progress reports, student led conferences report cards, parent conferences, state test reports, etc. The school communicates with outdoor agencies to meet the needs of students such as the Boys and Girls Club, YMCA (swimming lessons), holiday support for needy families, and food help for those who need through Back Packs of Love.

#### **Supportive Learning**

Environment:Summarize the supportive learning environment trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

Our school is supportive to learning and has a well-managed environment. We strive to create an academically challenging environment through daily instruction in all classrooms, and enrichment opportunities for all students through our Enrichment Clusters Program. Students are learning to self-assess themselves using rubrics, checklists, and exemplars in many classrooms.

Demographic and Financial:Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

We became a Title One School three years ago, which shows how the financial status of our students and their families has changed recently. We have many students living with non-traditional families. Our demographics have changed slightly. For SY18, our Economically Disadvantaged population is 53%, in SY17 it was 60%. Our Hispanic population for SY18 is 15%, for SY17 it was 14%, our Caucasian population for SY18 is 76%, in SY17 it was 78%. Our multi-racial percentage has remained the same from SY16 through SY18. Our percentage of students in EIP services has decreased 5% from SY17 to SY18. Gifted population remained the same for SY17 and SY18. Students with disability has increased from 12% to 13% from SY17 to SY18. Teachers and administrators will participate in ongoing professional learning to continue to meet the needs of our ever changing student population.

Student Achievement:Summarize the student achievement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student,

Our EIP qualified student population has decreased over the last two years. However, this is due to loss of funding for two self contained EIP rooms. We have met their needs through many different modes of instruction including co teaching, small group, EIP, and ELL support staff. Our gifted population has remained the same over the last two years. We continue to meet their needs through the PUP Academy, DOG Academy, increased the number of gifted

observed by the team while completing this	
section of the report. What are the	
important trends and patterns that will	
support the identification of student,	
teacher, and leader needs?	

IDEA - Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Strengths	As a small community school, the teachers at Lula Elementary School know
	their students and their families. All staff members diligently work to build
	relationships that go beyond the walls of the building. We focus on developing
	the whole child to meet students' individual needs. All teachers carefully
	adhere to students individual academic needs outlined in their IEP, 504, RTI,
	or ELL/TPC. Support is given to economically disadvantaged students through
	Back Packs of Love and outside agencies. Teachers analyze student data to
	identify students' academic needs and adjust instructional practices to meet
	student needs. Students are served through co-teaching, small group, and
	resource setting.

Challenges	At Lula Elementary School we are faced with the challenge of communicating
	with second language family through verbal and written communication due
	to the lack of a translator on site. As a result of staffing challenges in ESOL and
	SPED we are forced to provide required support through a
	multi-grade/multi-subject setting which may not be the optimal setting to
	meet student needs. Our students from economically challenged homes often
	begin their educational journey without any previous school experience such
	as Pre-K.

#### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

## 3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

## Overarching Need # 1

Overarching Need	Based on Reading Milestone scores (Lexiles) and other school data (DRA, other reading
	assessments) it is evident students are not performing at an adequate level of proficiency.
How severe is the need?	High
Is the need trending better or	No Change
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations	Although there was a slight growth in Milestones scores (Lexiles) from 2018-2019, the
	team feels that Reading Instruction should remain a focus. This was the first year we have
	had a consistent phonics program. We anticipate growth from this implementation.

#### Overarching Need # 2

Overarching Need	Based on ELA EOG Milestone scores it is evident students are not performing at an
	adequate level of proficiency.
How severe is the need?	High
Is the need trending better or	No Change
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations	Our staff developed a vertical writing rubric focusing on conventions and grammar. The
	plan will be implemented in the Fall of 2019.

## Overarching Need # 3

Overarching Need	Based on Math EOG Milestone scores it is evident students are not performing at an adequate level of proficiency.
	adequate rever or professions.
How severe is the need?	Low
Is the need trending better or	Better
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	3

Additional Considerations	Fact fluency tends to be increasing school-wide. Sometimes, the students don't apply this
	knowledge into problem solving situations.

#### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

## 3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the <u>Identifying Need webinar</u>. After describing the RCA process, complete a table for each selected overarching need.

Overarching Need - Based on Reading Milestone scores (Lexiles) and other school data (DRA, other reading assessments) it is evident students are not performing at an adequate level of proficiency.

#### Root Cause # 1

Root Causes to be Addressed	Lack of systematic phonics instruction
	Lack of systematic guided reading instruction
	Lack of stamina and perseverance on a task
	The students lack the ability to effectively respond to literature.
This is a root cause and not a	Yes
contributing cause or symptom	
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education
	Title I - Part A - Improving Academic Achievement of Disadvantaged
	Title I, Part C - Education of Migratory Children
	Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and
	other School Leaders
	Title III - Language Instruction for English Learners and Immigrant Students

Additional Responses	
----------------------	--

#### Root Cause # 2

Root Causes to be Addressed	Students have difficulty responding to literature and building reading stamina. There has
	been no systematic phonics instruction due to a lack of resources.
This is a root cause and not a	Yes
contributing cause or symptom	
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education
	Title I - Part A - Improving Academic Achievement of Disadvantaged
	Title III - Language Instruction for English Learners and Immigrant Students

#### Root Cause # 2

Additional Responses	
----------------------	--

Overarching Need - Based on ELA EOG Milestone scores it is evident students are not performing at an adequate level of proficiency.

#### Root Cause # 1

Root Causes to be Addressed	Due to the lack of knowledge pertaining to the writing continuum across grade levels, Lula Elementary lacks a consistent expectation of effective writing instruction across grade levels.
This is a root cause and not a	Yes
contributing cause or symptom	
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education
	Title I - Part A - Improving Academic Achievement of Disadvantaged
	Title I, Part C - Education of Migratory Children
	Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and
	other School Leaders
	Title III - Language Instruction for English Learners and Immigrant Students

Additional Responses	

Overarching Need - Based on Math EOG Milestone scores it is evident students are not performing at an adequate level of proficiency.

#### Root Cause # 1

Root Causes to be Addressed	Students present a deficiency in math fact fluency in all operations, lack of math vocabulary, difficulty applying math concepts in problem solving, and difficulty explaining their thinking.
This is a root cause and not a	Yes
contributing cause or symptom	
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education
	Title I - Part A - Improving Academic Achievement of Disadvantaged
	Title I, Part C - Education of Migratory Children

## **NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS**

## Root Cause # 1

Impacted Programs	Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and other School Leaders

## School Improvement Plan 2019 - 2020

Hall County
Lula Elementary School

#### **SCHOOL IMPROVEMENT PLAN**

# 1 General Improvement Plan Information

General Improvement Plan Information

District	Hall County
School Name	Lula Elementary School
Team Lead	Lynette Scheman

Fed	eral Funding Options to Be Employed (SWP Schools) in this Plan (Select all that apply)
<b>√</b>	Traditional funding (all Federal funds budgeted separately)
	Consolidated funds (state/local and federal funds consolidated) - Cohort systems ONLY
	'FUND 400' - Consolidation of Federal funds only

Fact	tors(s) Used by District to Identify Students in Poverty (Select all that apply)
✓	Free/Reduced meal application
	Community Eligibility Program (CEP) - Direct Certification ONLY
	Other (if selected, please describe below)

#### 2. SCHOOL IMPROVEMENT GOALS

# 2.1 OverarchingNeed # 1

# Overarching Need

Overarching Need as identified in	Based on Reading Milestone scores (Lexiles) and other school data (DRA, other reading
CNA Section 3.2	assessments) it is evident students are not performing at an adequate level of proficiency.
Root Cause # 1	Lack of systematic phonics instruction
	Lack of systematic guided reading instruction
	Lack of stamina and perseverance on a task
	The students lack the ability to effectively respond to literature.
Root Cause # 2	Students have difficulty responding to literature and building reading stamina. There has
	been no systematic phonics instruction due to a lack of resources.
Goal	Increase by 3% the number of students performing at or above proficiency in grades 3-5 as
	measured by the EOG Reading Milestones.

Action Step	All stakeholders will begin implementing vocabulary enrichment on a weekly basis which includes specials and academic support areas. Literacy instruction includes reading, writing, listening, thinking, and speaking in all content areas.

#### 2. SCHOOL IMPROVEMENT GOALS

# 2.3 OverarchingNeed # 3

#### Overarching Need

Overarching Need as identified in	Based on Math EOG Milestone scores it is evident students are not performing at an
CNA Section 3.2	adequate level of proficiency.
Root Cause # 1	Students present a deficiency in math fact fluency in all operations, lack of math
	vocabulary, difficulty applying math concepts in problem solving, and difficulty explaining
	their thinking.
Goal	Increase by 3% the number of students performing at/or above proficiency in Grades 3-5
	as measured by the EOG Math Milestones.

Action Stan	Ctudents in anodes V. 5 will continue to work toward most one of annuary into anode 12-12
Action Step	Students in grades K-5 will continue to work toward mastery of appropriate grade level
	identified math facts in order to meet the Balanced Scorecard goal of 90% mastery by fifth
	grade. Ways we will work to meet this goal:
	*Implementation of 10 minutes daily math facts practice using teacher choice of Hall
	County Resources to improve fluency. We will also utilize our computer lab monitor to
	implement a fact fluency incentive program for grades 3-5.

#### **SCHOOL IMPROVEMENT PLAN**

#### **3 Required Questions**

Required Questions

1 In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders) was accomplished. Leadership team met and reviewed data, to devise a plan, based on overarching needs. This improvement plan was designed by a core group of school leaders and teachers and then shared as a draft to various stakeholder groups and parents. A draft copy of the plan will be placed on the school's website for review, feedback, and input. The plan will also be shared at a School Council meeting and at a Stakeholder Input meeting so that there are multiple opportunities for many stakeholders to provide input and feedback on our school's plan.

2 Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers.

All faculty and staff members at Lula Elementary are highly qualified, which means that they are teaching in the area in which they are certified.

3 Provide a general description of the Title I instructional program being implemented at this Title I School. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).

Individual student needs are met through small group instruction, using data to drive instructional decisions, a focus on increasing student's higher level thinking, following the system's curriculum pacing guides, and using GaDOE Milestone scores to address instructional needs. Teachers meet weekly for collaborative planning of instruction. Support staff, such as gifted, ELL, EIP, and instructional coaches assist and support teachers through professional development and classroom modeling.

4 If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria

Our school is a school-wide Title I school and all students receive help, support, and access to resources to help them master grade level content and experience success in the classroom. Data used to identify student needs include: Milestone data, DRA, EIP checklist, end of unit assessments, formative/summative data, and math probes.

4 If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.

Our school is a school-wide Title I school and all students receive help, support, and access to resources to help them master grade level content and experience success in the classroom. Data used to identify student needs include: Milestone data, DRA, EIP checklist, end of unit assessments, formative/summative data, and math probes.

5 If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

An academic screener is administered to all upcoming Kindergarten students. Kindergarten teachers host Kindergarten orientation where families visit all Kindergarten classrooms, tour the school, meet support personnel and receive information on skills essential for success in Kindergarten. We are having a KinderCamp this summer for all enrolled, upcoming Kindergarten students.

6 If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and

Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills. N/A

7 Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.

Our school has implemented The Bulldog Way to promote positive behavior and celebrate successes both academically and behaviorally. We will continue the "Bulldog Way", positive office referrals, and student/staff shout outs to promote positive behavior and hopefully decrease office referrals.

#### ADDITIONAL RESPONSES

8 Use the space below to provide additional narrative regarding the school's improvement plan

Effective literacy initiatives capitalize on individual student's strengths and interests to promote engagement, joy in learning, and achievement. Literacy instruction includes reading, writing, listening, speaking, and thinking in all content areas. Ongoing sustainable professional learning focused on literacy in all content areas is necessary for teachers and leaders.
