COVID UPDATE

Please make sure that if your child has any symptoms of Covid that they seek medical attention and that you notify the school.

If you or someone in your home tests positive for COVID and that makes your child a direct contact, you do have an additional option. Here it is:

If your child is asymptomatic they can return to school during their quarantine days as long as they wear a mask and have their temperature taken daily by our office. If they show any symptoms, at all, they may not return to school and they have to finish out their 10-day quarantine.

If you have, any questions please feel free to reach out to Mrs. Scheman or Mr. Clark.

If you have any questions feel free to reach out to Coach Clay, she is our safety director.
