What is a School-Parent Compact?

Our annual school-parent compact offers ways that we can work together to help our students succeed. This compact provides strategies to help connect learning at school and at home. This compact will:

- Link to academic achievement goals.
- Focus on student learning
- Share strategies that staff, parents, and students can use.
- Explain how parents and teachers can communicate about student progress.
- Describe opportunities for parents to be involved in their child's academic life, provide input to SHMS, and to be active members of the school community.

Jointly Developed

The parents, students, and staff of Lula Elementary School partnered together to develop this school-parent compact for achievement. Teachers suggested home learning strategies, parents added input about the types of support they needed, and students told us what would help them learn. Parents are encouraged to attend annual revision meetings held in the spring each year to review the compact and make suggestions based on student needs and school improvement goals. Parents are also encouraged to participate in the annual Title I parent survey that is used as a tool to collect parent feedback regarding the current Title I programs and policies.
